**RULEBOOK**

## **ASHL RULES AND REGULATIONS** **(September 1, 2016 – August 31, 2017)**

The current Hockey Canada/USA Hockey rules (where applicable), will govern all games, with the exception of a number of rules specific to ASHL Leagues and/or Tournaments. The addition, deletion, and modification of ASHL rules will be made at the conclusion of the 2016 Spring/Summer season and introduced at the beginning of the 2016 – 2017 Fall/Winter season. League Managers assume no responsibility for any claims arising through the operation of the League.

**No allowances will be made for ignorance of the rules.**

---

### **TEAM REPRESENTATIVE MEETING**

Attendance by the designated team rep (or alternate) is **mandatory**. Prior to each season, League Managers facilitate one (or more) Team Representative meeting(s) to discuss expectations, review rule or policy changes, introduce staff members, field questions, and distribute a preliminary schedule. All Team Representatives (or a designated Alternate) must pick up season details and materials that include all relevant season details.

---

### **SATELLITE & AFFILIATE LEAGUES**

The Adult Safe Hockey League has introduced and successfully implemented a satellite and affiliate league initiative in selected communities that do not have a Canlan Ice Sports facility in their area. These programs have enabled teams and leagues currently playing outside Canlan facilities an opportunity to become participating members of the ASHL and to enjoy many satellite & affiliate league benefits.

For more information, visit the Satellite and Affiliate League pages of **adultrechockey.ca** or send an e-mail to **ashl@icesports.com** or call the ASHL at **416-645-2009**.

## SECTION ONE: THE ARENA

---

### 1.1 ARENA PROPERTY

Any damage to Canlan Ice Sports property will be paid for by the individual(s) responsible, prior to participation in any further League games. Non-compliance constitutes automatic indefinite suspension from the League and possible legal action. If the individual(s) responsible for the damage cannot be identified, the Team will be removed from the League until the damages are paid in full.

### 1.2 ALCOHOL, CONTAINERS & SMOKING POLICIES

As of May 1<sup>st</sup>, 2013 all Canlan Ice Sports owned and operated facilities have adopted a ZERO tolerance policy on Alcohol consumption and transport as well as Smoking in unlicensed areas of our facilities. This includes, but not limited to, lobbies, parking lots, arena playing surfaces, surrounding areas, and dressing rooms. Any player/team found consuming or carrying alcoholic beverages or smoking in non-designated areas will receive a warning letter (1<sup>st</sup> offence) outlining the policy and expectations moving forward. A second offence by the same team/player will result in a \$500 refundable performance bond that will be taken immediately. This will be returned in full at the conclusion of the season if no further incidents arise. If a 3<sup>rd</sup> offence occurs, the \$500 bond will not be returned and the team/player will be suspended indefinitely from ASHL participation and must apply for reinstatement at a later date. No refunds will be issued for league fees under any circumstances.

We remind all members that the consumption of alcohol in unlicensed locations and smoking indoors is against the law and that serious liability issues may arise from this action. Teams are to be out of the dressing rooms after their games in the specified time period outlined by the facility.

Players will be asked to voluntarily withdraw from any League game if any League Official suspects that a Player or Team is participating under the influence of alcohol or drugs (before or during a game). If a Player refuses to leave the playing surface, the game will be temporarily stopped until the Player in question withdraws from the game. Failure to comply may result in the offending Team forfeiting the game. Supplementary discipline may be levied against the Team and/or Player(s) involved.

### 1.3 ILLICIT DRUG USE

Illicit drug use in recreational facilities is strictly prohibited. Teams or individuals found in violation of this policy will be expelled from the League. No refund will be issued.

#### **1.4 PERSONAL PROPERTY**

The League accepts no responsibility for lost or stolen personal property. We strongly suggest that no valuables be taken into the Arena. Locks are not provided for dressing room doors so it is the Team's responsibility to lock their dressing room before going on the ice. Some facilities have dressing room keys/locks available in exchange for a deposit or car keys (contact your facility League Manager for verification).

#### **1.5 NOTICES**

All Team Representatives are responsible for checking email or voicemail when contacted by the league with updates. If you, as a team rep, do not check often we highly recommend appointing an alternate rep to ensure items are not be missed. We also recommend checking your team information and site weekly for standings and League news. Team Representatives are encouraged to check in with the League Office before each scheduled game and communicate all concerns to the League Manager.

#### **1.6 ACCIDENTS**

All accidents and injuries must be reported to Arena Management immediately. An incident report must be completed and forwarded to the League Manager.

## **SECTION TWO: LEAGUE ADMINISTRATION**

---

#### **2.0 MANAGEMENT RIGHTS**

League Management reserves the right to suspend or remove Players or Teams that are not displaying the appropriate behaviour and/or sportsmanship that reflects the image of the League.

League Management also reserves the right to restrict Player movement and (re)align Teams in any division based on game performance and/or their assessment of individual or group skill levels (refer to Rule 2.13 for the recognized categories of hockey experience used to rate Teams and Players).

The League Manager or League Official (Convenor or Designate) makes the final decision on whether a game is defaulted due to one of the Teams not having enough Players to play. Referees are to consult with the off-ice League Official for a final ruling.

In extreme circumstances, League Management has the authority to make decisions if it's in the best interest of the league, sportsmanship, and safety. This type of decision may be appealed to the ASHL Corporate office using the steps outlined in Rule 2.15(b).

## 2.1 ELIGIBLE PLAYERS

Only Players registered with the League may participate. All players must legibly print and sign their own names on each official game roster. Forging of signatures or use of abbreviated signatures may result in a Player's disqualification or a Team default of the game. It is the responsibility of the Team Representative to ensure all Players have printed and signed their names on the game roster and that all Players are eligible for participation in the game.

Players arriving before the start of the last period of regulation time will be permitted to participate once they have signed the official game roster. Players who enter a game without signing the game roster may be assessed a two-minute minor penalty for Delay of Game. Players must be dressed and ready to play before the start of the last period of regulation time. Any Player arriving after the last period of regulation time has begun will not be permitted to participate.

If there is a discrepancy between the number of Games Played listed for a Player on his/her online roster and the number of Official Game Rosters signed by the Player, then the number of properly-signed Official Game Rosters will be used to determine eligibility. The Team Rep (or designated Alternate) is responsible for ensuring their online roster accurately reflects the correct Games Played statistics for all of his/her Players.

All Players participating in a League game must be age of majority or older. Any Player under the age of majority must acquire the League Manager's approval, submit written parental consent and sign an under-age waiver prior to registration/participation in any League game.

**NOTE:** Age of majority in the provinces of British Columbia, New Brunswick, Nova Scotia, and Newfoundland is 19.

## 2.2 PLAYER REGISTRATION AND PHOTO IDENTIFICATION

All Players participating in the Adult Safe Hockey League (including ASHL Satellites) are required to register online at [adultrechockey.ca](http://adultrechockey.ca), and to complete their registration by signing the online DocuSign waiver before they participate. Upon completion of this process, each Player will be issued a seasonal eligibility Helmet Sticker. It is a requirement that each Player affix the sticker to the back of his/her helmet before they participate. The sticker must be applied such that it is in plain view of the on-ice Officials.

Any Team with a Player that does not have the sticker properly placed and visible on his/her helmet will be assessed a 2 minute minor penalty for delay of game by the Referees and the Player will be sent off the ice and not permitted to return until the sticker is properly affixed. If the sticker is lost a replacement may be purchased from the League Office at a cost of ten dollars (\$10).

Additionally, all Players must carry government-issued photo identification (ID) in the facility on their person and be prepared to produce it for League staff upon request. Checks for ID may be randomly conducted and failure to produce ID will prevent the Player from being permitted on the ice.

**NOTE:** Government-issued photo IDs are mandatory for participation in all playoff games.

### 2.3 CARDED PLAYERS

Carded Players are discouraged from playing in the League due to their commitment to their junior or senior Teams. Enrolment of a carded Player is at the discretion of the League Manager.

### 2.4(A) PLAYOFF ELIGIBILITY – PLAYERS

For a Player to be eligible for playoff competition, he/she must meet or exceed a minimum of 33% of regular season games played for that team and be rated at the appropriate skill level for the Division as per Rule 2.13(b). Players that also play as Goaltenders for a Team (as required) must exceed a minimum combined total of 33% of regular season games to be eligible for playoffs.

**EXAMPLE 1:** Player participates in 10 of 32 regular season games = 31.25% and is therefore ineligible for playoff participation.

**EXAMPLE 2:** Player participates in 10 of 30 regular season games = 33% and is therefore eligible for playoff participation.

The only exception to this rule is severe Player injury. If a Player misses several regular season games due to a serious injury, a valid doctor's certificate will be required that specifically indicates the date the injury was reported. The doctor's certificate must be submitted to the league manager before the player returns to the ice. The League Manager will then subtract the games missed due to injury from the Team's total games, and the Player will be deemed eligible if they have played in at least 33% of the games that were not covered in the doctor's certificate. Players shall not receive credit for games towards playoff eligibility while under suspension.

A Team found guilty of using an ineligible Player during the playoffs will be assessed a default loss for that game. If an ineligible Player is discovered after the second game of a two-game playoff series, the offending Team will be disqualified regardless of the results of game one.

**NOTE:** Playoff eligibility is restricted to one category below the player's experience level. Playoff eligibility is restricted to rules outlined in 2.13(b) if player plays on multiple teams.

**2.4(B) PLAYOFF ELIGIBILITY – GOALTENDERS**

For a Goaltender to be eligible for playoff competition, he/she must meet or exceed a minimum of 15% of regular season games played as a goaltender for that team

**2.4(C) PLAYOFF ELIGIBILITY – BACKUP GOALTENDERS**

If your primary goaltender is unavailable due to unforeseen circumstances or injury, the ASHL office will attempt to provide a suitable replacement goaltender that is approved by the League Manager and meets all registration and eligibility requirements of the ASHL (Rule's 2.1, 2.2 and 2.13 b). A 24 hour grace period is preferred to ensure maximum time to find a suitable replacement.

**NOTE 1:** In the case of an emergency, a team may use a goaltender from another ASHL sanctioned facility that meets the requirements out-lined in rules 2.4(b), 2.4(c), 2.13(b).

**NOTE 2:** In the case of an emergency, a team may use a goaltender from the approved "Spare Goaltender List" provided by the League Manager. Rule 2.13 (b) still applies with no exceptions.

**2.5 SUBSTITUTE GOALTENDERS – REGULAR SEASON**

During the regular season Teams may use any consenting Goaltender registered with the League that is of the appropriate skill level. League Management reserves the right to approve substitute goalies during the Regular Season.

**2.6 GOALTENDER INJURY**

If a Goaltender goes to the Players' bench due to an injury, he/she shall retire from the ice and his place shall be taken by an alternate Goaltender and no warm-up will be permitted. This rule will only apply when an alternate Goaltender is dressed. When an alternate Goaltender is not dressed, the injured Goaltender will be allowed ten (10) minutes to recuperate. If a replacement is necessary for the injured Goaltender, an additional five (5) minutes will be allowed, or the Team may continue with six skaters, or default the game. During playoff games, time allotted for Goaltender replacement is at the discretion of League Management.

If a Player starts a game as a substitute/alternate Goaltender or injury replacement, he may be substituted and return as a skater.

**2.7(A) GOALTENDER EJECTION**

If a Goaltender is ejected from a game for incurring a Game Misconduct, Major (except accidental high sticking) or Match penalty, the game will be defaulted if there is no backup Goaltender available or if the Team cannot find a suitable replacement goaltender within ten (10) minutes.

If a Goaltender receives a Game Ejection for cumulative penalties, the Goaltender will be allowed to remain in the game, and will be suspended for the next scheduled game.

**NOTE:** Under this scenario a substitute Goaltender is permitted to join the game after the conclusion of the second period of play (see Rule 2.1).

### **2.7(B) SERVING GOALTENDER PENALTIES (NEW)**

No player shall be required to serve a non-time penalty assessed a goaltender. The only time a player will be required to serve a penalty assessed a goaltender is where a time penalty is incurred creating situation where the offending goaltender's team will be shorthanded

### **2.8 TEAM JERSEYS**

All Players must wear matching jerseys, which must be uniquely numbered. Jerseys without numbers are not permitted. In the event of a conflict of Team colours (the Visiting Team Representative and/or Referees will determine if there is a conflict), the visiting team will wear their alternate jerseys or the League jerseys (cover- ups), provided they are available and requested.

For the purpose of communicating with the on-ice Officials, each Team is strongly encouraged to assign one Captain and up to two (2) Alternate Captains. The Captain's "C" and Alternate "A" must be clearly identified on the sweater.

### **2.9 ROSTER LIMIT**

Each Team is permitted to register a maximum of 30 Players (including Goaltenders) on their roster. If a Team chooses to register more than the allowable 21 Players, there will be an additional one-time fee of fifteen dollars (\$15) for each additional Player, payable at time of registration, to cover the extra insurance premium and administrative costs.

**NOTE:** For the purpose of regular season or playoff awards, the League will recognize 15 Players and 1 Goalie per Team.

**Suspended players are not permitted on/or behind the bench while under suspension.**

### **2.10(A) SIGNING OF GAME ROSTERS**

Due to insurance and eligibility requirements, official game rosters must be signed by each Player prior to every game. All players must legibly print and sign their own names on each official game roster. Any persons behind the bench must also sign the official Game Roster for insurance purposes.

**2.10(B) BENCH ATTENDANCE (NEW)**

All individuals on the player's bench area must be currently registered with the League.

**2.11 AGE-RESTRICTIVE DIVISIONS**

To participate in any age-restrictive division, all Players must be the minimum allowable age (e.g. 30+, 40+, 50+, etc) as of December 31<sup>st</sup> of the year in which the season began.

Teams in 40+ and 50+ divisions may request a "no slap-shot" rule. The League Manager and each divisional Team Rep will receive one vote; a majority decision will rule. Beyond the Facility Championships, all 40+ games will be played with full slap-shot.

**NOTE:** There is zero tolerance for fighting in the 40+ and 50+ division and CoEd ASHL Hockey. Any Player assessed a Fighting Major in any of these divisions will be suspended for the balance of the season.

**2.12 DIVISIONAL STRUCTURE**

ASHL/ASHL recognized divisions include:

- a) Men's A, B1, B2, C1, C2, D1, D2 and E
- b) Men's 30+ A, B, C, D and E
- c) Women's A (Competitive), B/C (Intermediate) and D/E (Recreational)

All of these divisions are recognized for Regional/North American Qualifier/North American Championship participation. Additional divisions (e.g. 40+, 50+, Coed, etc) may be added by the Regional Championship or North American Qualifier host where applicable, and to the North American Championships based on customer demand.

**2.13(A) SKILL LEVELS – TEAMS**

League Management reserves the right to move a Team (or Player) to a higher or lower division based on:

- a) Overall and/or individual Player skill level
- b) Win/loss record
- c) Age of Players
- d) Any other statistical data

This rule is applicable at any time during the season.

### 2.13(B) SKILL LEVELS – PLAYERS (AMENDED)

Players are rated based on their experience in hockey as per the online registration guidelines:

- A** Pro, Semi-Pro or Minor Pro (NHL, AHL, Europe, ECHL, UHL, CHL, WPHL, etc), NCAA Division I, Major Junior (QMJHL, OHL, WHL, USHL); Women's (or Girls) AAA, AA
- B** University (NCAA Division II or III, CIAU) or Senior Hockey, Junior A, Québec Junior AAA; Women's (or Girls) A, BB or B
- C** Canadian College (OCAA, MCAC, ACAC, etc), Junior B or C, Québec Junior AA or A, Rep AAA, AA or A; High School, Women's (or Girls) C
- D** Select League, House League
- E** No experience with an organized League, started playing hockey as an adult

Based on these categories, each Team by division (i.e. A, B, C, D, and E) should contain a majority of Players (51% or more) at these individual skill levels. Playoff eligibility is restricted to one division/category below the player's experience level (e.g. a 'C' rated Player will not be permitted to participate in the 'E' division during the playoffs).

**NOTE 1:** An "average" Player skating for a C division Team will have a Junior B, C or Rep caliber hockey background.

**NOTE 2:** This does not automatically exclude Players with Major Junior, University or even House League experience from C division participation during the regular season.

**NOTE 3:** League Management may take a Player's age into consideration when determining their skill level.

For Players skating with more than one Team, the highest division they are participating in will be used to determine playoff eligibility (e.g. a Player that plays for an 'B' Team and a 'D' Team will be restricted to the 'B' Team roster during the playoffs, assuming conditions of Rule 2.4 (a) are met).

**NOTE:** In some cases where ASHL facilities use sub categories (Example C2 Pool B), the League Manager may further restrict player eligibility and movement throughout divisions.

### 2.14 TIES IN STANDINGS – 2 OR MORE TEAMS (AMENDED)

In the event of a tie in the standings the following steps (a – f) will be used to break the tie:

- a) Best record in head-to-head games amongst the tied Teams
- b) Most Wins
- c) Largest Goal Differential (Goals For minus Goals Against)
- d) Least Goals Against
- e) Least Penalty Minutes (Average per Game)
- f) Coin Toss

**NOTE 1:** If there are still Teams tied after a step (no single Team is advanced), only the tied Teams from that step move on to the next step of the procedure. This process continues until there is only 1 team remaining.

**NOTE 2:** Once one team has been advanced using this tie-breaking procedure, it then reverts back to the start of the tie-breaking procedure (a) to break the remaining tie and so forth each time one team is advanced and more ties still need to be broken.

**NOTE 3:** No team shall advance in the playoff if they defaulted a playoff game. In the case of a 3 team bracket; if team 1 beats team 2, and team 2 beats team 3, but team 3 defaults vs team 1. Since team 3 defaulted their prior game, the game does not apply for the purposes of the playoff and the tie-breaker would start with best record head to head between the eligible teams. (Step 1 in the tie breaking process). This would result in team 1 advancing advance since they beat team 2 head to head.

**NOTE 4:** If all tied Teams have not played head-to-head, 2.14 a) will be skipped and the process will begin with 2.14 b).

**SCENARIO A:** 3 team round robin game results

Team A defeats Team B 4-2

Team B defeats Team C 3-2

Team C defeats Team A 5-2

a) All teams are tied at 1-1 so head to head is not used

b) Team "A" is -1, Team "B" is -1, Team "C" is +2

Therefore Team C would advance and become first place.

If a second place team is required, then Team A and B are still tied so they would go back to the start of the tie-breaking procedure to break the tie, where Team A defeated Team B. Therefore Team A would be the second place team.

**SCENARIO B:** 3 team round robin game results

Team A defeats Team B 5-2

Team B defeats Team C 3-2

Team C defeats Team A 4-2

a) All teams are 1-1 so there is no head to head winner

b) Team A is +1, Team B is -2, Team C is +1.

Therefore Team A and C would advance to the next step.

a) Team A has 6 goals against, Team C has 5 goals against.

Therefore Team C would be the first place team.

If a second place team is required, then Team A would be the second place team because Team A won head to head vs Team B.

**SCENARIO C:** 3 team round robin game results

Team A defeats Team B 5-3

Team B defeats Team C 3-1

Team C defeats Team A 4-2

a) All teams are 1-1 so there is no head to head winner

b) All teams are even in goal differential

Therefore all teams would advance to the next step.

a) Team A has 7 goals against, Team B has 6 goals against,  
Team C has 5 goals against.

Therefore Team C would be the first place team.

If a second place team is required, then Team B would be the second place team because Team B won head to head vs Team A.

Final regular season standings and playoff rankings will be determined by a Team's winning percentage (WinPCT) against Teams in their current division.

**2.15(A) SUSPENSIONS**

All infractions occurring before, during and after any scheduled game are subject to review by League Management. League Management has the authority to levy suspensions in accordance with the minimum standards and, at their discretion, increase or decrease suspensions due to extenuating circumstances.

A player receiving a suspension is suspended from all teams until their suspension is completed (i.e. their return date is achieved). For example, a Player is playing for Team 'A' and Team 'B.' The Player receives a 3 game suspension while playing for Team 'A.' The Player must sit out three of Team 'A's' games before he/she is eligible to play again for Team 'A' or Team 'B.' Therefore, if Team 'B' has 2 games in that period of time, the Player will sit out a total of 5 games for the infraction.

**NOTE:** League Management has the authority to review the suspension (if warranted) from other teams that a player may participate on.

<b>OFFENSE</b>	<b>MINIMUM RECOMMENDED SUSPENSION</b>
Game Ejection	Balance of Game
Game Misconduct	Balance of Game and Review by League Manager
Game Misconduct (last 10 minutes of regulation)	1 Game and Review by League Manager
Major Penalty (First Offense)	1 Game and Review by League Manager
Major Penalty (Second Offense)	2 Games and Review by League Manager
Major Penalty (Third Offense)	3 Games and Review by League Manager
Fighting (First Offense)	3 to 5 Games (depending on severity, instigator, aggressor, Referee's report, etc)
Fighting (Any Subsequent Offense)	Balance of Season
Gross Misconduct	Automatic indefinite suspension pending review by League Manager
Match Penalty	Automatic indefinite suspension pending review by League Manager

Any Player knowingly participating in a League game while under suspension (e.g. wearing an alternate jersey or signing in under another name) will automatically have their teams points removed for that game and the suspension length will be doubled (at minimum). If the Team Rep knowingly permits a suspended or ineligible Player to participate in a League game they too will face disciplinary action. There is zero tolerance for Players who participate while under suspension. Players are not permitted on the bench (or near the bench) area during games while under suspension.

### **2.15(B) SUSPENSIONS – APPEALS (AMENDED)**

A Team Representative, on behalf of a Player, may appeal a suspension of three (3) or more games by filing a written submission with the League Manager and paying a two hundred dollar (\$200) review fee. The appeal letter must be submitted to the League Manager within three (3) days of the suspension's issue and the fee must be received before any appeal will be considered. A suspension appeal may only be made by the Team Representative. The letter must outline the basis for the appeal (e.g. Player's penalty history, comparable suspension length for a similar incident, etc) and include a registered charity of choice.

Upon receipt of an appeal letter and review fee, the League Manager will provide the Team Representative with details on when the appeal will take place and how any decision will be made. All season-ending appeals will automatically

be directed to ASHL Corporate office for formal review. The following information may be considered relevant to any review:

- Player Suspension and Penalty history specific to the ASHL
- Officials Game Reports
- Convenor Report and Report from Facility League Management
- Timekeeper Report (if necessary only in extreme circumstances)

**NOTE 1:** Video Review may be taken into consideration under extreme circumstances if the League Manager feels a suspendable offence may have been missed by the officials. If there is not irrefutable evidence shown, the call on the ice (or lack thereof) will stand as the cameras are used for security and NOT intended for video replay. If the suspension is reduced by one (1) game or more, the appeal fee will be refunded when the verdict is rendered. If the suspension is upheld, the money will be donated to a registered charity of the offending player's choice indicated on the original appeal letter.

**NOTE 2:** Adult Safe Hockey League and ASHL Satellite Players receiving a permanent suspension or facility ban will follow the process as outlined in 2.15(b). The appeal must be received within thirty (30) days of the suspension's issue. There is no ability for reinstatement if a player receives a ban.

## **2.16 REFEREE QUALIFICATIONS**

Every Referee is required to attend the annual ASHL Officials Clinic for recertification. This includes, but not limited to, meeting all requirements of the ASHL Officials Code of Conduct and passing the written exam.

## **2.17 GAME PROTESTS – PLAYOFFS (AMENDED)**

Protests during the playoffs must be made immediately after the conclusion of the scheduled playoff game. It is the responsibility of the Team Representative to verbally notify the League Manager of a protest immediately following the playoff game. The Team Representative must then file a written submission with the League Manager and pay a two hundred dollar (\$200) review fee. The letter and fee must be submitted before the League Manager will review the protest.

Any written submission must outline the basis for the protest. Game calls such as missed penalty, offside, icing or disallowed goals are not basis for protest.

The League Manager will meet with the Team Representative, another League Official and at least one of the Referees involved in the game (if the League Manager deems their participation necessary). Attendance by the opposing

Team Rep is optional. If the ruling is reversed the \$200 fee will be refunded. If however, the ruling is upheld, the \$200 fee will be donated to the registered charity of the appealing Team's choice.

**NOTE:** Game protests are not permitted during the regular season, playoffs only.

### **2.18 PLAYOFF BRACKETS**

Divisional playoffs will follow the official ASHL format. The brackets will be posted online (or distributed to Team Reps) at least one (1) month prior to the first playoff game.

**NOTE:** The ASHL Manager may alter the standard format due to exceptional circumstances.

## **SECTION THREE: PROTECTIVE EQUIPMENT**

---

### **3.1 PROTECTIVE EQUIPMENT**

All protective equipment shall be worn in accordance with the manufacturer's original design and in a manner to ensure player safety. If after one warning by an official, a player either refuses to correct his/her equipment deficiency or continues to wear the equipment apart from its original design intent, a misconduct penalty will be assessed to the offending player.

### **3.2 HELMETS & GOALIE MASKS**

Helmets are mandatory and must be worn by all Players and Referees. Helmets must be CSA approved (no Gretzky/Jofa shell helmets) with properly fastened chinstraps. A Minor penalty will be assessed to any Player that does not have his/her helmet chin strap fastened properly. This rule will be enforced by the Referees and League Officials for all games and during warm-ups.

Goaltenders must use CSA approved helmets. If a Goaltender chooses to use a non-CSA approved cage (i.e. Cat's Eye), a waiver will have to be signed by that Player prior to the first scheduled game, absolving the League of any responsibility for any injury incurred.

### **3.3 FACIAL EQUIPMENT**

As of September 1st, 2013 the ASHL has instituted a mandatory facial protection policy for all players. Any player not wearing a minimum of a half visor or cage will be asked to leave the ice surface immediately and will not be permitted to return until they have the proper facial protection in place. The visor/cage must be fastened securely to the helmet as per CSA Approved Regulations with all straps firmly attached as per manufacturer's design. If a player other than

a goaltender, loses their visor/cage during the course of play, they must not intentionally participate in the play and return to their bench. Should the player intentionally participate in the play, the official will immediately stop play and assess a minor penalty to the offending player for delay of game/ineligible player.

**NOTE:** Every league game official will be required to wear a half visor.

### 3.4 NECK GUARDS

Neck guards are recommended for all Players in all divisions. Goaltenders are strongly encouraged to wear a CSA approved neck guard in all League games.

### 3.5 GOALTENDER SKATES

An Official or Player, other than a Goaltender, shall not be permitted to use Goaltender skates.

### 3.6 MOUTH GUARDS

Mouth guards are strongly recommended for all Players in all divisions.

### 3.7 GOALTENDER EQUIPMENT

In the ASHL a goaltender must wear protective equipment specifically designed for ice hockey goaltenders and be complete with approved; Mask, Leg, Guards (Pads), Chest Protection and Gloves designed for use by goaltenders.

## SECTION FOUR : PLAYING RULES

---

### 4.1 ICING

Icing the puck is completed the instant the puck crosses the goal line of the non-offending Team. All icing calls will be initiated by any Team, equal or superior in numerical strength, shooting, batting or deflecting the puck into the defending zone from behind the centre red line. **If a Goaltender leaves the crease area for the purposes of playing the puck and in doing so affects the play of the game, any icing will be nullified.**

### 4.2 OFFSIDE PASSES

The centre red line is not in play for offside passes.

### 4.3 STICK & EQUIPMENT MEASUREMENTS

Stick and equipment measurements will not be permitted. However, if in the opinion of an Official, any stick or equipment poses a threat to the safety of other Players, the Player will be asked to remove it from the game.

#### 4.4 DEFAULTED OR FORFEITED GAMES (AMENDED)

The following situations will result in a defaulted game:

- a) If either Team does not have a minimum of 5 Players and a Goalie on the ice by the start of the second period or if either team is unable to field the minimum requirements after the first period has elapsed (as per rule 4.5).
- b) If a Player who has been ejected from the game for any reason does not leave the ice in a timely manner (discretion of Referee or off-ice Official). It is the Team's responsibility to ensure an ejected Player leaves the ice surface and returns to their assigned dressing room (see Rule 5.22).
- c) If a Goaltender is ejected from the game and is not replaced within the ten (10) minutes allotted (see Rule 2.7).
- d) If a Team chooses not to continue the game after an injury to their Goaltender (see Rule 2.6).
- e) If either Team cannot field the minimum number of Players at any point during the game due to penalties or Players being ejected.
- f) If either Team refuses to continue the game for any reason other than safety concerns agreed to by the Referees and League Official.
- g) If either Team fails to meet the financial payment terms of the League.
- h) In the event that one (or both) team(s) cannot immediately replace players that have been assessed coincidental penalties in the first period, the Referee(s) can allow the game to continue in a 4 on 4 format. Under no circumstances will the game continue in a 3 on 3 format if the teams are unable to ice a team after this concession.

In the event that a Team does not have a Goaltender ready to begin the game, the Team may ice six skaters for the first period. If an eligible Goalie is not fully dressed prior to the start of the second period the Team will default the game. If a Team is aware that their Goalie will be absent for a game they may contact the League to assist in obtaining a replacement.

Team Reps are also encouraged to secure back-up or spare goaltenders using the online Hockey Finder tool on [adultrechockey.ca](http://adultrechockey.ca). The team who did not default may use the game ice slot for scrimmage or practice. Referees and Timekeepers will not stay on the ice once the game has been declared a default by a league official. The game will be listed as a 1-0 win for the non-offending team. The game will not be rescheduled.

Penalties will be levied against any team that does not give notice to League Management that they will not be able to field a team.

League Management will outline the facility-specific policy during the Team Representative meeting prior to each season.

In a situation where both Teams mutually default, the game will be cancelled and both Teams will receive a loss and no compensation shall be awarded.

**NOTE:** Forfeited games will not be replayed.

#### 4.5 PROCEDURE FOR START OF GAMES

The following procedure will be in place for the start of all games:

At the start of the scheduled ice time or once the ice resurfacer doors close (whichever comes last), the warm-up time will start running down. The buzzer will sound (or the Referee will blow their whistle) with one minute remaining to make Players aware that the warm-up session is nearly complete. Teams must then send their starting lineup onto the ice and prepare for the opening face-off. The clock will continue to run until the first stoppage in play.

**NOTE:** The clock will stop if there is no Referee present at centre ice to start the game at the advertised first period time.

In situations where one or both Teams are unable to field the minimum 6 Players at the end of the warm-up or are not ready for the face-off, the following procedure will apply:

- a) The clock will continue to run into the game time.
- b) If one of the teams is unable to field the minimum number of players a two minute (2) minor for delay of game will be issued.
- c) After the first period has elapsed: the game will be defaulted (see Rule 4.4).

If the offending Team manages to meet the minimum Player requirement during this process, the game will be started immediately. The clock will not be stopped until the first stoppage in play. Game time will not be added back onto the clock.

#### 4.6 TIME OUTS

Each Team is permitted one thirty (30) second time out per game. Both Teams are not permitted to take their time out during the same stoppage in play. There will be no time outs in overtime or during running time.

**NOTE:** Teams may use their time out during the overtime period of a playoff game (provided it was not used during regulation time).

#### 4.7 GOAL CREASE

Players in the offensive zone are not permitted to enter the crease area under any circumstance before the puck enters the crease area. If a Player's skate(s) enters the crease voluntarily in any manner, the Referee has the discretion to blow down the play, and a face-off will take place at the nearest spot in the neutral zone. **If in the opinion of the Referee, the defending team has possession of the puck with a clear path to moving out of the defending zone, the referee shall allow play to continue.**

#### 4.8(A) OVERTIME – REGULAR SEASON

The format for overtime will be a 3 on 3, sudden victory, five (5) minute running time period. At the conclusion of regulation time, five minutes and thirty seconds (5:30) will be placed on the clock and running time will be initiated by the Timekeeper (provided there are no unexpired penalties currently being served, in which case the game clock will be set to 5:00 and the clock will not start until the Referee drops the puck). The last minute of play will be stop time.

At the five minute (5:00) mark or when two opposing Players are ready for the face-off at centre ice (whichever comes first), the Referee will drop the puck. Any Team attempting to delay the start of overtime may be assessed a Minor penalty for Delay of Game. If at the end of the five (5) minutes the game is still tied, the game score will be recorded as a tie in the standings.

Player changes will be done "on the fly" and will not be allowed during any stoppage of play. The Referee may assess a Minor penalty for Delay of Game if a Team attempts to complete a Player change during a stoppage in play. The 15-second face-off rule will be used (see Rule 4.10).

If a penalty occurs in overtime (or there is an unexpired penalty at the conclusion of the third period) the non-offending Team will play with 4 skaters and a Goaltender, and the offending Team will play with 3 skaters and a Goaltender. When the offending Team's penalty expires, the penalized Player is permitted to rejoin the play. At the first stoppage following the expiration of the penalty, Teams will revert back to 3 skaters and a Goaltender.

All timed overtime periods in the League are sudden victory. The losing team in overtime will receive one (1) point for the tie from the regulation time game. Regular season overtime sessions may be cancelled due to schedule constraints (Teams to be notified by League Management).

#### **4.8(B) OVERTIME – PLAYOFFS**

The format for overtime will be a 3 on 3, sudden victory, five (5) minute stop time period. Player changes are permitted during play stoppages. All round robin playoff games tied after regulation will be decided by a 3 on 3, sudden victory, five (5) minute stop time period. Undecided games will continue with a shootout to determine a winner (refer to Rule 4.8c). The winning team will be awarded two points; the losing team will be awarded zero points for the overtime loss.

Any players ejected from game two of a 2-game series will not be permitted to return for any overtime period(s) under any circumstances.

**For the purposes of on ice manpower, any unexpired time penalties in Game Two of a 2-game series will NOT be carried over into the series deciding overtime period. The penalized player(s) time penalty will be removed from the score clock and both teams will begin the series overtime at full strength. If the player who was assessed the time penalty is serving their penalty, they are ineligible for play and must remain on the penalty bench until the playing time at which their penalty would have expired. If a substitute was serving the penalty noted above, they are eligible for play at the start of overtime. This rule is only applicable for series overtime after game two of a 2-game series.**

#### **4.8(C) OVERTIME – SHOOTOUT**

Should the game remain tied following the conclusion of the overtime period in a playoff game a shootout will be conducted to determine a winner. For the shootout the following will occur:

- a) Goaltenders will not switch sides
- b) 3 shooters per Team
- c) Any penalty in the overtime period, that has not expired, will eliminate the penalized Player from shootout participation.
- d) The Home Team will choose which Team shoots first.
- e) Once a Player has attempted his/her shot, they shall move to the side of the rink opposite the Players' bench.
- f) Referees use Hockey Canada/USA Hockey procedures for penalty shot.
- g) If a player is serving a penalty for a teammate and did not commit the infraction, rule 4.8(c) does not apply

If the game remains tied following the first three shooters, sudden victory will decide the game winner (i.e. one Team scores, the other does not).

Every eligible Player must shoot once before any Player takes a second shot. The deciding factor will be the smaller bench strength, before a Player takes a second shot.

#### **4.9 LENGTH OF GAME**

In the event that a game is running behind due to an occurrence in the game, the clock will be cut to three (3) minutes stop time when there is five (5) minutes left in the time slot.

In the event there is a five (5) or more goal spread in the last five (5) minutes of the third period, the game clock will revert to running time. If the game is starting to get out of hand, the game will be terminated at the Referee's discretion.

**NOTE: The game clock will revert to stop time if the goal difference is reduced to four (4).**

Any game in which there is a five (5) or more goal differential may revert to running time with the approval of the Team Representative of the Team which is losing (e.g. if a Team is losing by 5 or more goals in the first or second period the Team Rep may elect to move to running time at any point during the game).

In the event that a game is being played in an unsafe manner, the Referee or League Official (Manager, Convenor or Designate), at his/her discretion, can end the game at any point. A full report must be forwarded to the League Office.

#### **4.10 15-SECOND FACE-OFF RULE**

After each stoppage in play, the 15-second face-off rule will be used. The Referee will use the following procedure: ten (10) seconds following any stoppage in play, the Referee administering the face-off will blow his/her whistle to indicate that in five (5) seconds the puck will be dropped. Teams should line up at the face-off location accordingly.

#### **4.11 PLAYER INJURY – BLOOD DRAWN**

If a Player is cut during a game and blood is drawn, the Player must leave the ice to clean and bandage the wound prior to being allowed to return.

#### **4.12 SPECIAL DIVISIONS**

For additional rules governing Coed and 3 on 3 play, please contact your facility League Manager. A complete list of rules specially designed for these divisions will be reviewed at the pre-season Team Rep meeting(s).

#### **4.13 GOALTENDER SAFETY**

In the event that a Goaltender is struck in the mask or helmet with a shot, the referee shall stop play. The resulting face-off shall take place at the nearest end-zone face-off spot to where the shot was taken.

**NOTE:** If a shot hits the goaltenders mask/helmet and deflects into the goal (directly or otherwise) prior to the official stopping play, the goal shall count.

**At the Referee's discretion, any attacking player making physical body-contact with the opposing goaltender in the crease area will be assessed a minor penalty or major penalty and a game misconduct for goaltender interference. If the attacking player was guided into the goaltender by a defending player, both players may be assessed penalties. If the contact is initiated by the goaltender for the purposes of drawing the opposition penalty, the goaltender will be penalized accordingly.**

This does not eliminate the possibility of the player incurring any other penalties that would result in suspension. This penalty will be assessed to any Player, Coach, or Team Official who conducts themselves in such a manner as to make a travesty of the game.

**5.20(B) GROSS MISCONDUCTS – TAUNTING**

Any Player or Team Official who engages in verbal or non-verbal taunts, insults or intimidation based on discriminatory grounds (race, ethnicity, religion, gender, sexual orientation, language) shall be assessed a Gross Misconduct and be suspended according to the rules of the League.

There will be no tolerance for this type of behaviour and the League will be very harsh with their assessment of suspensions. Should the Player committing the offense not be discovered, the team representative will be automatically indefinitely suspended, pending a review by League Officials and/or Facility Management.

**5.21(A) MATCH PENALTIES – INVOLVING A PLAYER**

This penalty will be assessed when any Player physically abuses another Player with intent to injure (whether or not injury occurs). A Match penalty will result in an automatic indefinite suspension from the League. There is no minimum suspension.

An attempt to injure is an automatic Match penalty, regardless of whether it causes injury or not, and will be reviewed by the League Manager. The results of the injury will be considered by the League Manager when determining the length of the suspension and whether additional penalties are to be handed out.

**5.21(B) MATCH PENALTIES – INVOLVING A LEAGUE OFFICIAL**

This penalty will be assessed when a Player, Coach or Team Official verbally or physically threatens or abuses any League Official (Managers, Referees, Timekeepers, etc). A Match penalty will result in an automatic indefinite suspension from the League. There is no minimum suspension.

Any Player(s) or Team Official(s) that strikes, trips, pushes or body-checks a Referee, Linesman or off-ice Official before, during or after a game shall be assessed a Match penalty and shall be reported to the League Manager. A Match penalty will result in an automatic indefinite suspension from the League. Such Player or Team Official may be suspended for one year or more.

**5.22 DISQUALIFIED/EJECTED PLAYERS**

Any Player that receives a Game Ejection, 2<sup>nd</sup> Misconduct (same game), Game Misconduct, Gross Misconduct or Match penalty shall be ordered to the dressing room for the remainder of the game. Teams are responsible for ensuring that Players who are disqualified or ejected from any game, for any reason, immediately leave the playing surface and retire to the Team's dressing room. The Team Representative or Captain is additionally responsible for ensuring the ejected Player remains in the dressing room for the balance of the game (unless otherwise permitted to watch the remainder of the game by League Management).

Ejected Players who remain at rink side or who refuse to retire to the dressing room will be subject to further suspension and/or possible expulsion from the League. In this situation, League Officials can end the game prematurely and charge the offending Team with a default (see Rule 4.4 b).

Any Player who has been ejected from a game that returns to the ice surface will face an automatic indefinite suspension pending review by League Management.

#### **5.23(A) INDIVIDUAL PENALTY MINUTE INITIATIVE**

During the course of the Regular season the League Management will check for players that are consistently exhibiting poor sportsmanship and committing infractions on a consistent basis. Guidelines are noted below:

- a) A player that has accumulated a total number of penalty minutes that meets or exceeds a threshold based on the following formula will receive a warning letter (4 penalty minutes \* 40% of the advertised regular season games). The team rep will be copied on this letter of reference.
- b) A player that has accumulated a total number of penalty minutes that meets or exceeds a threshold based on the following formula will be suspended for the balance of the regular season and playoffs and must apply for reinstatement in the league or future seasons. (4 penalty minutes \* 65% of the advertised regular season games)

#### **5.23(B) TEAM PENALTY MINUTE INITIATIVE**

During the course of the Regular season the League Management will check for teams that are consistently exhibiting poor sportsmanship and committing infractions on a consistent basis. Guidelines are noted below:

- a) A team that has accumulated a total number of penalty minutes that meets or exceeds a threshold based on the following formula will receive a warning letter (12 penalty minutes \* 65% of the advertised regular season games). This will go out directly to the team representative and they must confirm and acknowledge receipt.
- b) A team that has accumulated a total number of penalty minutes that meets or exceeds a threshold based on the following formula will not be permitted to participate in playoffs and must apply for reinstatement in the league for future seasons (12 penalty minutes \* 100% of the advertised regular season games).

**5.24 FACE-OFF LOCATION – PENALTIES (AMENDED)**

Any penalty (excluding circumstances where both teams have incurred at least one penalty at the same stoppage of play) will result in a face-off in the offending team's zone. Referees are not to consider the total net amount of the penalties to each team when determining face-off location. In the event of at least one penalty being assessed to each team, the position of the face-off will take place at the nearest face-off spot where the play was stopped.

**NOTE:** The only exception to the above is when a player of the attacking team enters deeply into the attacking zone (the top of the end zone face-off circle being the limit) when a gathering is taking place following a stoppage of play. In this circumstance only, the ensuing face-off will then be moved to the nearest neutral zone face-off spot.

**5.25 FACE-OFF LOCATION – HIGH STICK**

In the event that a player makes contact with the puck above the normal height of the shoulders, a player from the non-offending team must be the first to gain possession and control of the puck. In the event the puck is directed out of play or a player from the offending team is first to gain possession of the puck, the official shall signal the play dead and a face-off will be conducted at the nearest face-off dot in the offending team's zone. In the event no player from the non-offending team makes an attempt to play a puck that has been "high sticked" the official shall signal the play dead. A face-off will be conducted at the nearest location from where the high stick contact was made with the puck.

**5.26 HIGH-STICK GOALIE PROCEDURES (NEW)**

Notwithstanding Rule 5.25, when a player contacts the puck above the height of the crossbar and the puck goes directly into the opposing team's goal before an opposing player can gain possession and control of the puck, the goal shall not count. In this case, the game officials are to conduct the face-off at the nearest face off spot in the neutral-neutral zone.
